Why Choose Cigna Healthcare?

Because we go above and beyond. Here's how:

For Flexibility

Design a flexible, modular plan that fits your healthcare needs and budget, available in multiple currencies and languages.

For Pre-Existing Conditions

When we say we're your Whole Health partner, we mean it. In the event we can't fully cover you for certain pre-existing conditions, we will help you to cover the costs of managing it – including medicines, consultations, and diagnostics.*

For Prevention

We believe proactive care is powerful. That's why we offer preventive cancer screenings more frequently than the World Health Organisation recommends – giving you peace of mind and the best possible chance at early detection.

For Unrestricted Hospital Access

With Cigna Healthcare, you have the freedom to choose the hospital or medical facility that works best for you – without being limited by a narrow provider network.**

For Your Autonomy

Your time matters. That's why we don't ask you to check in with us for pre-authorisation before most outpatient or preventive appointments.

For Improving Your Experience

We're continually exploring ways to enhance the service we deliver to you, through initiatives and partnerships such as for:

- Diabetes Prevention
- Fertility Advice

We give you the tools:

Customer Area

All your policy documents will be available in your secure online Customer Area.

Here you can manage your policy, find local medical providers and contact us.

Cigna Wellbeing® App

Our Cigna Wellbeing® App provides you with tools to help you manage your health and wellbeing.

It will also give you access to Global Telehealth consultations, so you can talk to a medical professional wherever, whenever.

*For members aged 60+ (or 40+ for Platinum members) who have taken out the International Outpatient module. Only applicable to certain conditions, limits apply.

**For treatment incurring in the US, please note that network restrictions may apply

This is what our members had to say about our Customer Care team in our Trustpilot reviews:

“ Great service and claims support from start to finish [...] very quick to respond and flexible in communication times [...] Clear explanation of all options and made everything easy. ”

Sam, United States, 2025

“ I feel safe and secure knowing that I have global coverage with Cigna and highly recommend to anyone looking for a flexible and customizable health insurance option. ”

Alyssa, Switzerland, 2025

Extensive Cancer Care

In the event of a cancer diagnosis, rest assured that we will do everything we can to support you and your family through this time. Everything included in our Extensive Cancer Care is fully covered, so you don't have to worry about any limits.

Included under all plans:

Cancer Treatment

Following a cancer diagnosis, we pay in full for costs of any treatment, including chemotherapy, radiotherapy, diagnostic tests and drugs on an inpatient, day-patient or outpatient basis.

Dedicated Cancer Case Manager & Care Co-ordinator

Being diagnosed with cancer can come with a lot of difficult emotions and questions, and this is where your assigned case manager can support you through your journey. Your care co-ordinator will be available to support you in locating a provider that suits your needs and in assisting you with booking appointments.

Patient and family counselling

We understand that a cancer diagnosis doesn't just impact you, it also impacts your family – that's why we want to offer you and your family members support through our counselling service.

Cancer dietician

You'll have the support of an oncological dietician who can help you understand what foods can help fuel your body, fight inflammation, and nourish your body.

Reconstructive surgery

We will cover the costs of reconstructive surgery, for example, after a mastectomy.

Robotic surgery

We will cover the cost of robotic surgery, when these surgeries have been determined to have improved patient outcomes over conventional surgical methods.

Additional cover under higher tier plans:

Home chemotherapy

Access chemotherapy from the comfort of your own home. Now available for Gold and Platinum members.

Fertility advice

We understand that certain cancer diagnoses and treatments can impact fertility, and this is where our partnership with Carrot, a fertility support service, can provide guidance. For Platinum members only.

Further Cancer Support

Cancer Related Appliances

For example for a wig, headband, or mastectomy bra.

Cancer Preventative Surgery

If you have confirmed presence of a hereditary cancer syndrome, we will pay for preventative surgery (12 month waiting period applies).

Cryopreservation (up to 7 years, \$5,000 lifetime limit)

In the event your treatment may impact future fertility, we also offer cryopreservation based on medical necessity for our Platinum members.

Preventive Screenings

For members who have taken out the International Health & Wellbeing module, we offer cancer preventive screenings at frequencies that exceed World Health Organisation recommended guidelines.

Our Clinical Support services

All Cigna Global Health Options members have free access to our Clinical Support services, which includes four key services.

Case Management

Personalised support from dedicated nurses and doctors for complex conditions. Your Case Manager supports any questions you may have regarding your care and serves as your single point of contact.

A member diagnosed with a brain tumor faced a complex treatment journey. Their dedicated clinical case manager acted as a single point of contact, providing support and simplifying the process. This support gave the member peace of mind and allowed them to focus on recovery.

Global Telehealth

Access licensed doctors worldwide for non-emergency issues via phone or video consultations through our Cigna Wellbeing® App.

Experiencing heart palpitations abroad, a member used our Cigna Wellbeing® App to book a video consultation, avoiding a local hospital with no English-speaking staff. The doctor reviewed her history, addressed her concerns, and guided her to appropriate follow-up care, leaving her reassured and informed.

Chronic Condition Programme

Ongoing guidance to help you understand, manage, and improve chronic conditions, even if excluded from your policy.

Following a cardiovascular event, a member was advised to lower their cholesterol but lacked clear guidance on how to do so. Through regular calls, their case manager helped them adopt a healthier lifestyle, set achievable goals, and manage their condition long-term. The member gained confidence and control over their cardiac health.

Decision Support Programme

Get second medical opinions from global experts to help you make informed decisions about your diagnosis and treatment plan.

A member had small uterine fibroids causing heavy bleeding. She was initially advised to have surgery, but she had concerns regarding this option for its potential impact on future family planning. A second medical opinion reassured her that medication and other non-surgical treatments could help manage her symptoms while preserving her fertility.

IMPORTANT NOTE: The case studies referenced above are based on real life events, however, personal information has been removed and/or amended to protect the identity of our members.

Your deductible and cost share options

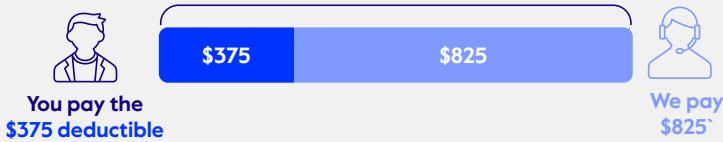

Our wide range of deductible and cost share options allow you to tailor your plan to suit your needs. You can choose to have a deductible and/or a cost share on the International Medical Insurance plan or International Outpatient module. If you do so, your premium will be lower than it otherwise would be.

	Deductible This is the amount you must pay towards your cost of treatment until the deductible for the period of cover is reached.			Cost Share This is the cost share percentage you must pay toward your cost of treatment.	Out of Pocket Maximum This is the maximum amount of cost share you have to pay per period of cover.
International Medical Insurance	\$0	€0	£0		
	\$375	€275	£250	0%	\$2,000 €1,480 £1,330
	\$750	€550	£500	10%	
	\$1,500	€1,100	£1,000	20%	
	\$3,000	€2,200	£2,000	30%	\$5,000 €3,700 £3,325
	\$7,500	€5,500	£5,000		
	\$10,000	€7,400	£6,650		
International Outpatient	\$0	€0	£0		
	\$150	€110	£100	0%	
	\$500	€370	£335	10%	
	\$1,000	€700	£600	20%	
	\$1,500	€1,100	£1,000	30%	\$3,000 €2,200 £2,000

If you have selected a deductible and/or cost share, the examples below demonstrate how it works.

Example 1: DEDUCTIBLE

Claim value: **\$1,200**
Deductible: **\$375**

Once the deductible amount has been reached, we pay for all subsequent treatment costs for this period of cover.

Example 2: COST SHARE

Claim value: **\$5,000**
Deductible: **\$0**
Cost share: **20% = \$1,000**
Out of Pocket Maximum: **\$2,000**

The amount of cost share is subject to the capping effect of the out of pocket maximum.

Example 3: COST SHARE AND OUT OF POCKET MAXIMUM

Claim value: **\$20,000**
Deductible: **\$0**
Cost Share: **20% = \$4,000**
Out of Pocket Maximum: **\$2,000**

The out of pocket maximum protects you from large cost share amounts.

Example 4: DEDUCTIBLE AND COST SHARE

Claim value: **\$20,000**
Deductible: **\$375**
Cost Share: **20% = \$3,925**
Out of Pocket Maximum: **\$5,000**

The deductible is due before the cost share is calculated.
